Jaya Hind Industries further expands its successful technical co-operation with KS Huayu Alutech Germany

Pune, April 20, 2021, Jaya Hind Industries Private Limited, a Dr. Abhay Firodia group company, which has had a 12 year-long successful technical tie-up with KS Huayu Alutech GmbH (KSATAG) announced that the agreement for the manufacture of automotive Cylinder Blocks and Cylinder Heads has been extended till 2027. The scope of the agreement has also been expanded to cover new parts from the Sunrise Industries such as Electric Vehicles (EV), Structural parts for Chassis etc.

Jaya Hind Industries is among the first companies in India to start manufacturing of Aluminum die castings way back in 1964. Apart from being the most experienced in the field, Jaya Hind Industries is the most modern and technologically advanced company in India, with state-of-the-art manufacturing equipment procured from world's best suppliers. It has 4 manufacturing facilities, two near Pune in Maharashtra, one in Chennai and another near Indore in Madhya Pradesh.

Jaya Hind Industries is a fully vertically integrated company with world class tool manufacturing capabilities and downstream machining facilities offering end-to-end solutions to global and domestic customers. It has one of the largest in-house tool design and manufacturing set ups in the Indian Die-casting industry with ability to manufacture high pressure die-casting dies and critical gravity die-casting tools. It has a comprehensive range of over 45 HPDC machines from 160t to 3200t, 25 of which are 1000t and above complete with fully automatic die-casting cells, robotic extraction and real time controls.

Jaya Hind Industries customer base consists of world renowned OEMs like Volkswagen, Cummins, Ford, PSA, Daimler, Volvo, Renault Nissan, Maruti Suzuki, ISUZU, Mahindra, Tata Motors, FIAT India and a host of tier-1 companies as well. Jaya Hind Industries is the only company to have won the Best Foundry (Large Scale) Award instituted by the Aluminum Die-casters Association of India for a record fifth time.

KS HUAYU AluTech belongs to the renowned automotive supplier KSPG with operations in Germany and China. It has also been active in the Indian market for many years. Since 2007, KSPG has had a subsidiary Pierburg India Private Limited in Takwe near Pune that produces bearings, pumps and components for

emission control for the Indian automotive industry. A second production unit for bearings is in Supa, Ahmednagar (Maharashtra). This Group has also held a 20-percent stake in the Indian piston manufacturer Shriram Pistons and Rings Ltd. of New Delhi.

The objective of expanding and extending the co-operation with KS Huayu Alutech is to offer to its customers the combined strength of partners who now have a global footprint and have synergized to offer critical products that are made by following standardized global processes ensuring standardized global quality. Both companies as partners are now able to offer unique combination of world-class technology from KSATAG at affordable Indian cost structure, thanks to Jaya Hind's seven decades experience in India.

Jaya Hind Industries Private Limited (part of the Dr. Abhay Firodia Group of Companies) was established in 1947 and started manufacturing auto components primarily to support its vehicle manufacturing venture. Today, Jaya Hind Industries is one of India's largest and most trusted, end-to-end solution provider for aluminum castings for global and domestic OEMs.

Jaya Hind Industries has developed a wide portfolio of critical parts ranging from 5 gm to 30 kg, serving a variety of industries in automotive as well as non-automotive fields. With intelligent investments in tool design/ manufacturing on the upstream side and in machining / assembly on downstream side, Jaya Hind Industries is able to offer end-to-end solutions to auto manufacturers for their various weight reduction / localization requirements.

With manufacturing facilities at Akurdi and Urse in Maharashtra, at Chennai in Tamil Nadu and another unit near Indore in Madhya Pradesh; Jaya Hind Industries has the largest in-house tool design and manufacturing capability and manufacturing capacity in the Indian die casting industry.

Jaya Hind Industries customer base consists of world renowned OEMs like Volkswagen, Cummins, Ford, PSA, Daimler, Volvo, Renault Nissan, Maruti Suzuki, ISUZU, Mahindra, Tata Motors, FIAT India and a host of tier-1 companies as well.

Jaya Hind Industries is the only company to have won the "Best Foundry in India – Large Sector" Award instituted by the Association of Aluminum Die-casters and Equipment Manufacturers of India five times, viz., 2008, 2010, 2014, 2016 and 2018.
